It is a source of pleasure to some customers to know the man whom they do their business, and it is a form of personal advertising. It makes the customer feel at home.

Cast Bronze Name Plates are essentially the standard of business institutions. They are beautiful to the eye, because of the rich color of the metal and their substantial appearance. Their durability is without question.

The face of the letters only are polished. The backgrounds are generally made in a dark brown or black finish.

All of the name plates are furnished with brackets cast as a piece with the plate, making them absolutely PERMANENT and DURABLE in construction. They are protected on the bottom by a strip of inlaid felt, preventing the plate from scratching desks, tables, etc. Instead of bronze brackets, the plates can be mounted on a solid mahogany triangle at \$1.00 per plate each.

Prices and sketches on special signs upon request.
